

The Governors would like to share with you the remarkable work that has happened in Windsor this year

What we look for in children & support to develop—Resilience, confidence, a can do attitude, fun and laughter, concentration, reasoning, adaptability, responsibility, creativity

# WINDSOR NURSERY SCHOOL

## Celebrating Children's Learning 2015 -16

Take a look at some of the ways we have improved learning and development opportunities for children this year

Acting out stories

First hand experiences

Reading for a purpose

Stimulate learning

## OUTDOOR DEVELOPMENTS

### Strengthening physical play

We improved the physical challenges as we recognised that physical confidence is an essential building block for competent learning

Having friends to play with is a fabulous way to learn

The world looks different when you are up high

## REAL MATHS OPPORTUNITIES

### Shape, space and measures

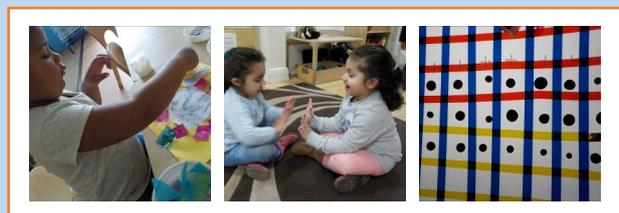

We looked at ways of offering children real opportunities for mathematical concept developments

Look at the mathematical knowledge that is being applied here

Size, shape, colour, weight, length, quantity are all in action

The children's outcomes this year are the best we have ever achieved— well done to everyone for all your hard work

Thank you to all of our parents—for letting us share in this precious time with your children

Being motivated to learn, being active and being able to apply what you know are essential characteristics for learning and for life

## ENVIRONMENT ENHANCEMENTS

To offer challenge to children's thinking  
We developed a water play area, new raised bed and set up a mud kitchen. We also relocated the workshop

## PATTERN, RHYTHM & RHYME

Rhythm is essential for life  
We offered children more opportunities to develop their musicality. This helps with communicating, literacy, maths and is fun too!

## CHILDREN TELLING STORIES

Developing communication skills  
We supported the children to tell their own stories in the form they chose knowing that communicating is an essential skill for life

Look at the photographs and see if you can see the characteristics being demonstrated

The children's outcomes this year are the best we have ever achieved— well done to everyone for all your hard work
